Lind Rushes Away to Mexico City, but Will Not Give Reason—May Have Been Summoned

GENERAL FELIX DIAZ IS WOUNDED AND ARRESTED

Too Much Talk in Cuban Plaza Brings Attack From Young Mexican Friend of Carranza

By Associated Press.

MEXICO CITY, Nov. 7.—(Associated Press.)

President Huerta's formal, positive reply to the United States' demands, which was discussed in detail in last night's cabinet meeting, will set forth that the United States has no right to demand or otherwise to demand Carranza's resignation. This statement was given out today by one of the departments of the Mexican government.

In reply, it is said, will also assert that the United States has no right to demand Carranza's resignation. The statement says it was decided to incorporate in the reply a declaration that General Huerta intends to increase the Mexican army to 250,000 men.

Mr. Lind, the personal representative of President Wilson, arrived here this morning from Vera Cruz. The United States embassy had not received any word of Carranza's resignation.

Mr. Lind proceeded to the American embassy to see Mr. Carranza. He was accompanied by Captain William A. Lind, an American military attaché, and Ensign John L. Lind, a naval attaché. Mr. Lind had not yet received any word of Carranza's resignation.

THIRD CHILD IN WEEK IS DEAD FROM FLAMES

Howard Smith, Aged 4, Plays
Near Open Grate When Left
Alone in House

Howard R. Smith, the four-year-old son of C. B. Smith, of Inman Park, died at midnight Thursday as a result of burns received Thursday morning from an open grate in the Spauld street house. The child was in the yard at the time the child caught fire and hearing his screams, rushed toward the house. The mother was on the porch by the child, completely engulfed in flames. The father rushed to extinguish them with his shirt and rug and was himself slightly burned. As soon as the fire was put out, a physician was called and attended the child for several hours. The child died at midnight.

The funeral will be held at the home Saturday morning at 11 o'clock. The interment will be in the Inman Park cemetery.

This is the third child who has burned to death in Atlanta within the past week. The remarkable coincidence in the case is that the mother had each of her three children for a few minutes, leaving them alone in the house.

When the fire started, the child was in the front room and saw the flames spread in the fire, but his attempt to enter the room was vain.

GOVERNOR ASKED TO SAVE MACON MAN FROM PRISON

Mallory Bedingfield Faces One-
Year Term for Wounding
His Neighbor

Accompanied by his cousin, state senator W. D. McNeill, Mallory Bedingfield, of Macon, who is under sentence for one year in the Georgia State Prison, appeared before Governor Slatton Thursday morning to request that he be released from prison. Mr. Bedingfield had been under bond for the offense of wounding his neighbor, but the court has refused to release him.

According to the evidence adduced at the trial, Mr. Bedingfield did not intend to harm his neighbor, but he was in the act of doing so when he was shot.

Mr. Bedingfield is a well-known man in the Macon community and is the proprietor of a large music house.

CORN SHOW EXHIBITS ARE ARRIVING AT THE CAPITOL

Exhibits for the annual Georgia Corn show, which will open at the state capitol on December 2, are already beginning to arrive in Atlanta and are being stored for the present in the basement of the capitol.

The exhibits already in the capitol include sixteen large boxes of canned corn, which have come from the various girls' sewing clubs over the state. These exhibits have already been shown at Macon and other places in the state where they attracted much interest.

Invitations regarding shipments for the Georgia Corn show have been received Thursday from County Commissioners Henry Mink, of Carroll; C. H. Cox, of Jasper; E. B. Hartwell, of O. O. Tolson, of McIntosh; J. H. Quinn, of Valdosta; and E. D. Dunn, of Fayetteville. Miss P. Dowdle, of Rome; Miss Lilla Brown, of Boston; Mrs. J. L. Beck, of Macon; and Miss Bessie V. Brook, of Macon.

J. A. PALMER.
Confederate veteran, who by chance met one of his enemies of Civil War times and who he recalled as a prisoner he guarded in Macon in 1864.

With recalled a day in 1864 when the one was a Confederate guard at a Macon prison, and the other a Yankee soldier over whom he watched. Just a chance meeting in the hotel lobby, a puzzled moment, a recognition, and the bridge of fifty years was crossed with a hearty word of greeting.

The ex-Confederate was J. A. Palmer, who has charge of the check room at the Piedmont hotel. The ex-Federal was H. T. Bird, of Mount Pleasant, who was a prisoner in Macon in 1864.

It was when Mr. Bird strode toward the old man struck a chord of memory and he stopped to chat.

Black was puzzled by the other's seemingly familiar face and on their talk progressed the strange resemblance to some one each had known, even. They fought the old battle over again, and finally Mr. Bird recalled the day when he was captived and taken to a Federal prison at Macon.

COLLEGE PARK BOARD TO HEAR M'KINNEY SPEAK

An oyster supper and smoker to be given by the College Park board of trade at a school Friday night is expected to be attended by 200 or more progressive citizens of the suburban city.

Charles D. McKinney, secretary of the Georgia state chamber of commerce, will deliver the principal address. There also will be speeches by several of the members of the College Park board of trade. The Georgia Military Academy band will furnish music for the occasion.

TOO MANY CHILDREN

are pale and frail—backward in studies—with pinched faces and poor blood—their minds and bodies are actually starved because their regular food does not nourish.

Such children need Scott's Emulsion above everything else; it contains nature's rarest life-giving fats; it is essentially food value—blood-form and bone-form, free from wine, alcohol or harmful drug.

Scott's Emulsion often builds many times its weight in solid flesh—it is medicinal, tonic and nutritive properties make all good food do good.

INTERSTATE SHOE RATE FOUGHT BEFORE EXPERTS

Atlanta Dealers Greatly Inter-
ested in Case-Loss Will
Mean Raise in Prices

Atlanta manufacturers of shoes and boots are keenly interested in the hearing now going on before the interstate commerce commission to determine what freight rates shall be maintained on all roads between Atlanta and New York and Boston.

The roads involved are the Seaboard Air Line, the Atlantic Coast Line, the Southern railway, the Georgia road and the Central of Georgia railroad.

All their traffic now is via Atlanta for the hearing, among the officials being J. H. Korman, an Atlanta shoe dealer, and J. A. Palmer, who is now assistant general freight agent of the Seaboard.

Two years ago the interstate commerce commission decided that 50 cents was a fair rate on shoes and shoes. Recently the roads tried to raise the rate to \$1.50 and on complaint of Atlanta shoe interests the commission suspended the new rate and have not held an investigation of the question.

The decision of the interstate commerce commission will materially affect the cost of shoe, because if the new rate of \$1.50 is maintained, they will have to raise the price of shoes in order to cover the additional transportation charge.

W. A. Winchell represents the shoe concerns, which are the J. H. Korman company, Rice-Hutchins Atlanta company, the Seaboard-Shoe company and the M. C. Kiser company.

MAYOR URGES BURELSON TO SEE MAIL SITUATION

Invites Postmaster General to
Come to Atlanta and Study
Conditions Here

Mayor Woodruff, in behalf of the city of Atlanta, has written a letter to Postmaster General Burelson, requesting the invitation of the chamber of commerce to visit the city, and urging the postmaster to make a study of the conditions which necessitate adequate facilities for handling the mails.

The mayor declares that the needs of Atlanta are larger and more important than the needs of any other city of similar size in the country, and that inasmuch as Atlanta is a distributing point for a large section, it holds a most important position.

MRS. CORINNE CLAYTON SUCCEUMS TO APOPLEXY

Mrs. Corinne W. Clayton, widow of Thomas A. Clayton, died at her home Thursday evening from a stroke of apoplexy. Mrs. Clayton was a devoted member of the Central Presbyterian church.

She was sixty-one years old and is survived by one brother, George W. Clayton, of Macon, Ga.; three sisters, Mrs. Richard Sims, Mrs. Alex J. Gorry and Mrs. J. H. Harner, of New York; four daughters, Mrs. W. D. Hunt, Mrs. Miller, Mrs. J. H. Harner, and Mrs. W. D. Clayton; and two sons, Thomas A. Clayton and George W. Clayton.

Funeral services will be conducted from the Central Presbyterian church Saturday morning at 11 o'clock. Interment will be in West View cemetery.

THOMAS HEADS COURT; MILLER NAMED CLERK

Organization of Newly-Created Municipal Tribunal Is Practically Completed

The five judges of the new municipal court held a caucus on Friday morning at which it was agreed that Tom C. Miller, at present in deputy clerk of the Fulton county superior court, should be named clerk of the new court, a position with a salary of \$1400 per year.

Mr. Miller's deputies will not be named until the first of the coming year, when the new court will actually commence business.

Mr. Miller's formal appointment was not made because of the fact that the clerk of the superior court has not yet received the commissions of the five new judges and they have not yet taken the oath of office.

Governor John M. Slaton, on Thursday afternoon, appointed Eugene D. Thomas chief justice of the new municipal court for a term of four years, leaving out The Journal's exclusive prediction of several days ago.

The four other attorneys recommended by the judges of the superior court for the municipal judgeships were also formally appointed by the governor Thursday. D. R. Miller and Luther Z. Jones, Jr., for the four-year terms, and L. F. McCallister and T. O. Haddad for the two-year terms.

Mr. Haddad drew terms of two years each, but has been the intention of the judges to agree Friday on a man for the position of chief marshal to the court, but the appointment has been delayed because Judge Rogers had to leave the city early in the morning. He will return Wednesday and the marshal probably will be agreed upon.

Clark Lewis, also a deputy clerk of the superior court, was only formally appointed Mr. Miller in the race for the clerkship, but he withdrew early Friday despite the fact that he was generally believed to have a good chance of landing the position.

At the result of an announcement that Attorney F. H. Jackson had been retained by Justice W. T. Justice to argue the constitutionality of the new court, a following card to The Journal.

The members of the Atlanta bar generally, and especially those through whose efforts the new municipal court was created, are eager to stand squarely behind the officers of the new court, and assist them in every way possible to make it a practical success.

Any attack on the municipal court is deemed to be an attack on the city, and is an attack on the city which can be corrected promptly by legislative action. An attack on the court will develop the alleged weak points if there be any.

MAYOR FINDS GARBAGE PLANT IN POOR SHAPE

New Crematory in Need of Repair and Refuse Is Piling Up Rapidly

Mayor Woodward, W. G. Humphreys, chairman of the council finance committee, and John Johnston, head of the sanitary department, made a tour of inspection through the new crematory Friday morning. On their return Mayor Woodward stated that the crematory is again partially out of repair and that garbage which has been there for ten or twelve days is piling up.

"The machine that carries the ashes away is out of order," said the mayor, "and they are hauling the ashes away from the side."

"A hundred tons of garbage are piled up in the pit and stacked high against the back; and they could burn the paper and leave out in the front quicker than they are doing it in the crematory. It would work a little more satisfactorily at all."

The mayor said he and Chairman Humphreys went down just to see the condition of things at the crematory, and that "maybe by summer they'd get the thing patched up some way so it would work a little more satisfactorily."

Speaking of the pile up garbage the mayor said:

"It's a good thing it is not summer time. If it were, that garbage which has been down there ten or twelve days would be alive."

The mayor says there is nothing for the city to do but wait for the crematory company to fix up the plant.

Dictaphone Lecture For Med. Students Is Latest in Atlanta

Dr. John A. McLean, professor at the Southern college of medicine and surgery, 22 McDaniel street, at 11 o'clock Friday morning filled an important engagement at the Red Cross hospital, many blocks distant from the school.

At the very same instant in Dr. Mc-

Lean's class room at the school, he was, in effect, delivering a lecture to the assembled students.

Instead of using into the study face of their teacher, however, the students were looking one toward the horn of a dictaphone, for Dr. McLean, not wishing to let his lecture slide, and not being able to get released from his hospital engagement, had spent twenty minutes Thursday night feeding his views into the black cylinder of the dictaphone, ready to be fed out again to the students next day.

Instead of using into the study face of their teacher, however, the students were looking one toward the horn of a dictaphone, for Dr. McLean, not wishing to let his lecture slide, and not being able to get released from his hospital engagement, had spent twenty minutes Thursday night feeding his views into the black cylinder of the dictaphone, ready to be fed out again to the students next day.

The machine that carries the ashes away is out of order," said the mayor, "and they are hauling the ashes away from the side."

"A hundred tons of garbage are piled up in the pit and stacked high against the back; and they could burn the paper and leave out in the front quicker than they are doing it in the crematory. It would work a little more satisfactorily at all."

The mayor said he and Chairman Humphreys went down just to see the condition of things at the crematory, and that "maybe by summer they'd get the thing patched up some way so it would work a little more satisfactorily."

Speaking of the pile up garbage the mayor said:

"It's a good thing it is not summer time. If it were, that garbage which has been down there ten or twelve days would be alive."

The mayor says there is nothing for the city to do but wait for the crematory company to fix up the plant.

G. M. SMITH ASKS \$10,000 FOR ALLEGED LIBEL

Geoffrey M. Smith, who owned the restaurant at 21 Walton street, which was recently gutted by fire, has filed a libel suit against Jim Brown, another tenant in the building, for \$10,000 damages.

Smith claims that Brown told a newspaper reporter and the police that he (Smith) set fire to the place.

This statement, Smith says, was made in the presence of several people, and has caused him much injury.

"If you want to be a big, strong boy," she said, "and then a big, strong man, you must have good teeth. And to keep your teeth sound you must remember to use Colgate's Ribbon Dental Cream, while you are a little boy, to brush them twice every day."

The young mother told me that the youngster liked the taste of Ribbon Dental Cream and that this had helped her to get him to brush his teeth. The important daily habit. Of course, she talked with him about it now and then to impress on him the great advantage to him of brushing his teeth with this daily care. "Then he'll be a big, strong man," she said, "and have the dentist look him over."

You too should use COLGATE'S RIBBON DENTAL CREAM

ECZEMA ITCHED AND BURNED

On Face and Head. Was Very Disfigured. Hair Fell Out. Cuticura Soap and Ointment Cured.

Falmouth, Ky. — "Two years ago I was troubled with skin and scalp troubles. I would have plucked that would break out and I decided to try it. I was afflicted about a year before I used Cuticura Soap and Ointment and after using them three weeks I was getting better and in less than three months, after using eight cans of Cuticura Soap and five boxes of Cuticura Ointment, I was completely cured of eczema." (Signed) Frank Vaiden, Dec. 15, 1912.

If you wish a skin clear of pimples, blackheads and other annoying eruptions, hands soft and white, hair fine and glossy, and scalp free from dandruff and itching, begin to-day the regular use of Cuticura Soap for the scalp, bath and shampoo, assisted by occasional face applications of Cuticura Ointment. No cure method is so reliable or economical. Sold everywhere. Sample of each mailed free, with 25-cent box of Cuticura Soap and Cuticura Ointment. Write for it.

Men who shave and shampoo with Cuticura Soap and Ointment will find that their skin is clear and their hair is glossy.

NON-UNION MEN WORK ON THE HEALY BUILDING Contractors and Strikers Disagree as to Cause of Their Differences

There was no change Friday in the status of the strike of the Healy building workers.

R. M. Walker, contractor in charge of the building slated Friday noon that work on the building is being carried on and that non-union men are being employed as rapidly as they present themselves. He stated there is no difficulty between the contractors and the workmen, and that the trouble was caused by a national fight between the bricklayers and the stone masons regarding the line of demarcation between their work.

At the headquarters of the unions it was stated that not a single union man was on the job and that the trouble was started by employment of "scab" painters. All allies of the building Trades Council are on strike. The men are waiting orders from the union officials and are in evidence in numbers around the Healy building. There has been no violence of any kind and both sides stated there would be none. Between 200 and 300 men are out.

THINK BURGLAR DEPARTED WHEN POLICEMEN CAME

Patrolmen Russell and Donohoe have reported to Captain Poole that they had found a little glass removed from the back door of O. H. Starnes' store, at 24 Marietta street, Friday morning about 1 o'clock. Mr. Starnes was notified and hurried to the store. After a search he declared nothing was missing. The officers believe a burglar had just started operations and, hearing them approach, slipped off in the dark.

Toole Enters Protest On Woman's Undress; Urges Quick Action

Woman, lovely, silt-white, peer-boasted, evasive-figured woman, she of the caustic, age of undress, has come in for a terrific panning at the hands of an Atlanta visitor.

The visitor is J. E. Toole, president of the American Trust and Banking company, of Albany, Ga., and he is stopping at the New Winifred hotel.

"Now, we didn't ask Mr. Toole whether it was the fair form of Albany or the daily dance of Pecksniff street whose mode of non-adorment appear so shocking, but that something or someone has aroused his ire, is evident.

"I hope," he declares, "you will feel justified in saying something that will stir the good women of our state to action against the unsuitable and unseemly appearance created by some of the extreme styles of modern modistes. This is truly an age when folks are 'dressing up' but, would it not be wise, not to say prudent, well as profitable, to have a little more 'dressing down'?"

"Dress fashion," he continues, "has set a foolish fad in dictating abbreviated costumes for our fair sex and one that is damaging to men and women. Not many years ago it was difficult to in-surgate a custom or get permission for men to appear at their places of business unadorned with coat and vest. And yet why is not a man in a clean shirt as presentable as a woman in short waist? Woman was the objecting one and now it seems a sad complicity that man should feel impelled to find fault with her highness for affecting too few clothes for all occasions in private and public life."

ASK PARDON FOR NEGRO CONDEMNED TO DEATH Prison Board Hears Plea for Man Who Killed Another in Gwinnett County

All of the time of the state prison commission Friday morning was taken up in hearing the pardon application of Will Gathright, a negro, convicted in Gwinnett county of killing George Slay in Lawrenceville and sentenced to be hanged next week.

John B. Gamble, the solicitor general who obtained the conviction, appeared before the board and asked that the court's sentence be allowed to stand. During his plea he presented affidavits from all twelve members of the trial jury and fifteen out of nineteen members of the grand jury returning the true bill, asking that the verdict be upheld.

Gathright was represented by Howard Thompson, who made a strong plea for the condemned man.

According to the evidence at the trial, the negro struck Slay on the head with an axe last summer, killing him instantly.

HARVEY THINKS WILSON CAN CLEAN UP MEXICO

If the powers of the world stand squarely behind President Woodrow Wilson and leave the situation entirely in his hands, the present crises in Mexico will soon be cleared up.

Such is the belief of J. Fred Harvey, managing director of the Piedmont hotel, who is in Atlanta the guest of Resident Manager H. N. Dutton, following an extensive automobile tour over Europe.

Mr. Harvey talked of conditions, the general improvement in the financial world, the effect of the tariff bill on foreign trade and the Mexican situation.

Man Who Assisted in Hobson's Rise to Fame Will Visit in Atlanta

A man who helped to some extent to make Hobson famous is to be a visitor to Atlanta next week in the person of John C. Carlisle. Carlisle was one of the government divers commissioned in February, 1888, to examine the Maine and later was responsible for cutting the wires of mines in the harbor at Santiago that permitted Lieutenant Hobson to enter and sink the Merrimack.

In 1897 Carlisle went to France to examine the wreck of the Drummond Castle off the Isle of Looe, going down in thirty-five fathoms of water (110 feet), the lowest depth on record in salt water. He has the distinction of having been born on the exact spot where the Statue of Liberty now stands. It was then Fort Wood Bedloe. Carlisle left New York City at an early age and at seventeen was engaged by the state. He afterwards rode pony express out of Reno, N. M., and was mounted guard in the early days of the stage running out of Silver City. Two years he hunted wild animals for Carl Hagenbach in Africa.

After the sinking of the Merrimack, Carlisle was attached to General Gorman, an Spanish interpreter, and was considered the most daring and nerve-y man in the service of Uncle Sam during the war, making fifteen trips through the Spanish lines, and on one occasion saved Billy Edison, son of the inventor, from being captured by the Spaniards.

RUN-DOWN WOMEN

Find Health in a Simple Tonic

How many women do you know who are perfectly well, strong and healthy as a woman should be? They may not be sick enough to lie in bed, but they are run-down, thin, nervous, tired and debilitated.

Women are so active nowadays, and so much is expected of them, that they naturally overdo and suffer from headache, backache, nervousness and kindred ills.

Such women need Vinol, our delicious cod liver and iron tonic without all the digestive organs, make pure blood and create strength.

Mr. Walter Price, Biloxi, Miss., says: "I was in a run-down condition for months. I had taken several medicines but they seemed to do me no good. Finally Vinol was recommended, and from the first bottle I began to improve until I am strong and well as ever."

Women of M. E. Church Select November in Which to Wage Campaign

The Woman's Missionary council of the Methodist Episcopal church, South, has designated the month of November for a membership campaign in all its auxiliaries. The result of the campaign is to be reported Sunday morning, November 10, when the Woman's Missionary society of each church is expected to have charge of the service.

"Missionary activities have enlarged and the needs are so great, it is necessary that all our women help in this work of evangelizing the world," said Mrs. W. H. Frank, of the Atlanta District Woman's Missionary society.

During the month it is urged that each auxiliary make a systematic canvass for church and invite all the women to join.

The week of prayer began the first week in November, but it is optional with auxiliaries as to the time their services are held. Many are observing this week and several will hold all-day meetings. The Nashville Missionary society will have an all-day meeting Thursday, November 14, beginning at 10 o'clock. St. John's auxiliary will observe November 15, for which a splendid program has been arranged.

THEATERS

Continuation of the performance at the opera house is written by members of the Journal staff. All other matter appearing in this column is furnished by the Journal's staff.

ATLANTA—Thomas Dixon in "The Leopard's Spot," with Thomas Dixon, its author, playing the leading role himself, appeared at the Atlanta theater Thursday night, and will be shown again Friday and Saturday.

Thomas Dixon is not trying to present drama. He is preaching a crusade. Whether he is right in believing, as he stated to the audience in a curtain speech Thursday, that the white race and the negro race cannot live together in peace, is a matter of debate.

From a dramatic stand-point, the present production is woefully lacking. The sensationalism and gripping intensity of the plot is a remarkably poor copy.

Two men besides Mr. Dixon himself rose above mediocrity, and both of these had parts extremely well adapted to the sensibilities of the audience. One was Alphonse Luque, who played Harris, the negro editor. And one was Mrs. Dixon, who played the leading role, the first time he has played here since "The Sins of the Fathers," several years ago.

With him on the present trip in his son, a student at Princeton university, who will get his degree next year. It appears that Mr. Dixon intends to train the young man to play the leading roles in his plays, and to make of him an apostle in the Dixon crusade.

While the part of Bob St. Clare is in reality a small one, Mr. Dixon traveled with a dail of attractiveness, and with the exception of his stagey love-making, was very pleasing as an actor.

The Jewell Kelley company is well on in its eleventh week of successful operation at the Bijou, and in presenting "A Girl of the Streets" to patrons of amusement, the company has scored another ten strike and is doing a record-breaking business. Every patron of the house is eagerly awaiting next week's play, "The Runaway Match."

The Jewell Kelley company is especially adapted to comedies. Ladies especially adapted to comedies. Ladies especially adapted to comedies. Ladies especially adapted to comedies.

The attendance at the Forth theater has practically every performance on all days of the week. The dramatic sketch called "Blackmail" is well worth the price of admission were they not acted on the bill. Josephine's Irish "Glimpse" troupe receives a share of the honors.

Jim Diamond and Silly Brennan are also receiving not a little share of applause. Knicker and Morton are two funny blackface comedians, and their clog dancing is good. Fraxley and Hunt have a clever opening act, and the whole bill is entirely pleasing.

For next week George B. Reno and company, in "The Mis-PI Army" with the story of "Truxton King," which will be presented on the 13th next week, is as follows:

"Truxton King" is a young American, tired of globe-trotting and hunting in out-of-the-way corners, has decided to come into Georgia, in search of romance. The prince who is to inherit the crown, is trapped by the monarch, and a stormy night in the fighting which takes place before the castle walls, and which the soldiers of the little prince are successful. Of course the young American meets the one woman."

Seats may now be had at the Atlanta for the engagement of the Georgia troupe "Last Days of Pompeii" pictures which will be shown Monday, Tuesday and Wednesday with a daily matinee. The picture is a new and interesting one, and regular performances only will be given each day. Nothing more stupendous and wonderful in the picture world was ever made, and the Pasquell production is considered the one of moving picture art.

Clinic by Dr. W. B. Emery and Dr. E. P. Merritt Focus of Unusual Interest

With a clinic at the Wesley Memorial hospital by Dr. W. B. Emery and Dr. E. P. Merritt, the first annual convention of the Georgia Surgeons' club came to a close Thursday afternoon.

The clinic proved of unusual interest through the demonstration of the cystoscope, an instrument used to throw the rays from an electric light into the bladder for the detection of young American stones, and tumors are easily detectable.

Every member of the organization who attended the annual clinic declared he had been materially benefited during the past two days and intended coming back to Atlanta next year for the second annual convention.

Freund, Recent Visitor to City, Becomes Booster When He Goes Home

John C. Freund, editor of Musical America and the Music Trade, who was in Atlanta a short while ago, has joined the Boaters' club of the city, and in the November 1 issue of the Music Trade, one of his papers, he has devoted the entire first page to telling what a fine city Atlanta is, and how the south as a whole is progressing.

"I was favorably impressed," says Mr. Freund, "with the splendid advances which the south has made, in making, and will continue to make in all lines of endeavor, whether industrial, commercial or financial."

In his article, written from Atlanta on October 25, Mr. Freund says the first thing that strikes the northern visitor is that the old south is disappearing as far as the larger cities are concerned.

"These cities," he writes, "no longer represent the agricultural interests as they used to do in former years. They are becoming more and more industrial. The same is true of the entire south, from such towns as Birmingham, Atlanta and Nashville."

Mr. Freund comments approvingly on Atlanta's fine hotels, its sky-scrapers and the courtesy of the people, and in speaking of the south at large draws attention to the splendid crops of this season.

PLENTY OF PROSPERITY. He says that "the south is winning a business and financial prosperity that it never enjoyed in the palmiest days of the agricultural regime. And with all that it is producing more cotton, sugar cane and more foodstuffs than it ever did before."

"Georgia will this year," he writes, "have a record cotton crop, the minimum estimate of which is over 2,500,000 bales, and the average price about 14 cents. The value of this cotton is very nearly \$350,000,000 including the 10,000,000 of seed produced."

Mr. Freund enters into a discussion of the relation of this prosperity to the more sugar cane and more foodstuffs than it ever did before.

He attributes the wonderful influence which southern women, always noted for their culture and refinement, are having in matters even beyond their domestic affairs. The women are doing wonderful things for their clubs, organized for the culture, the literature and the arts, and for the maintenance of the various organizations, choruses, orchestras, and so on, doing something for the uplift of the south which is simply extraordinary to those who have not been south for years."

**EAT LESS AND TAKE
SALTS FOR KIDNEYS**

Take a glass of Salts if your Back hurts or Bladder bothers

The American men and women must guard constantly against kidney trouble, because we eat too much meat and our food is rich. Our blood is filled with uric acid which the eliminative organs must get rid of. When the eliminative organs are clogged and weakened, a general debility is the result.

When your kidneys feel like lumps of lead, your back hurts or the urine is cloudy, salt of sodium or you are obliged to seek relief two or three times during the night, if you suffer with headache or dizzy, nervous spells, acid stomach, or you have rheumatism when the weather is bad, get from your pharmacist about four ounces of Dr. Williams' Pink Pills for Pale People.

Take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is the best used for generations to flush and stimulate clogged kidneys, to neutralize the acids in the urine so it is no longer a source of irritation, thus ending bladder disorders.

Dr. Williams' Pink Pills are not in the least expensive, but they are a deliciously effective uric acid-water beverage, and belongs in every home, because nobody can make a mistake by having a good kidney flushing any time.—(Adv.)

**After a Pleasant Voyage Across the Seas
The Handkerchiefs Are Here**

There is no doubting the superiority of Chamberlin-Johnson-DuBose Co.'s handkerchiefs.

At least there will be none after a visit to the Handkerchief Section. Quantities, varieties and prices are impressive, this season more so than ever.

It is all a matter of methods. We go directly to the makers in Ireland, at once availing ourselves of the greater varieties and the savings that come from cutting out the middleman profits.

And now the big cases are out of the custom house and everything is ready.

We want you to see the handkerchiefs we have gathered this Fall! You will be buying many between now and Christmas; to get a finer quality, to effect a saving on the same quality, is worth while.

You will here!

That we know.

Here are a few of the interesting kinds:

Women's Handkerchiefs

Madeira hand-embroidered glove handkerchiefs, 50c.

Madeira hand-embroidered handkerchiefs, 50c to \$2.50. The designs are novel and neat.

Madeira hand-scalloped glove handkerchiefs, white, light blue, pink and lavender at 25c; the regular size of these is 50c.

Wonderful handkerchiefs at 25c; with new and dainty embroidered designs in corner.

All-linen handkerchiefs at 15c, with corner embroidery!

Many exquisite novelties for brides; sheer, filmy, almost all lace—Duchess and rose point lace, \$3.00 to \$18.00.

15c Shamrock Handkerchiefs

Cross-bars, sheer splendid values at 15c, all white and white and 71-2c

Men's Handkerchiefs

Sheer all-linen, full size, hemstitched, hand-embroidered initials, better quality than usually found at 25c.

All-linen, initialed handkerchiefs, with tape border, 25c.

Hand-embroidered and plain, hemstitched handkerchiefs of fine, soft linen of even texture, at 50c.

Surprising quality in these all-linen handkerchiefs that are 6 for \$1.00.

And more of those now well known all-linen handkerchiefs, full sized, at 10c.

**Here Are Some of Those
Gloves We Term BEST**

The list is rather complete.

At each price the glove mentioned is the best we know.

Judge for yourself or take our opinion, the result is the same.

And always there are bright, smart, competent young women here who fit gloves perfectly.

The Solitaire at \$1.00—the finest glove we have ever seen for \$1.00; 2-clasp; Paris-point stitching.

The Colbert, \$1.25—a heavy cape glove; 1-clasp; in tan, slate, black and white; fine for shopping.

A Mocha Glove at \$1.25—very serviceable and full of wear; 1-clasp; gray and tan, very soft.

The Navarre at \$1.50—a soft, genuine kid skin; 2-clasp glove; black, white and colors.

The Trefousse Kid at \$2.00—2-clasp, superb, 'live' kid skin, colored and black with white stitching.

The Trefousse P. K. Kid at \$2.00—2-clasp; tan, slate, black and white with white stitching; the white with black stitching.

Automobile Gloves, \$2.50—driving gloves with the new soft gauntlet; tan or black with novelty stitching; the stiff gauntlet glove is \$1.75.

Mocha Gauntlet Glove, \$2.00—gray or tan, very soft.

Trefousse 12-button Glove, \$3.00—of fine French kid; black, white, cream or tan.

The Dreadnaught, \$1.50—2-clasp, P. K. sewn, black with white stitching, white with black.

The D. & P. Street Glove, \$2.00—exquisitely fine, 1-clasp, gray, tan and black with white stitching.

Trefousse 20-button Gloves, \$4.50—the superb glove of them all; black, white, pink, blue or buff.

The Valance—a Trefousse glove, two pearl clasps, P. K. sewn, of superb kid skin, black, white, tan, grey with heavy embroidery and pipings of self or self and black. One of the smartest gloves of the season, \$2.00.

The Trefousse 16-button Kid at \$3.50—black with broad white or self-stitching, and the white with black stitching.

Children's Gloves

2-clasp at \$1.00—soft, pliable, properly fashioned; tan, white, red or black.

P. K. Sewn at \$1.00—1-clasp, sizes for misses and children; in tan; another 1-clasp glove that the young folks like in this gray Mocha at \$1.00.

Boy Scout Gloves, 50c and 75c—tan with gauntlet.

Novelty Neckwear

Having the dainty things as Paris brings them out, and the smart makers of New York reproduce them at lessened prices, is the "reason why" for you to turn to this Neckwear Section for those little things that count so big.

Net and lace fichus, many kinds; white, cream and black. 50c to \$3.50.

Net blouses, new, with ruffles and lace trimmings; cream and white; some hand-embroidered; \$1.00 to \$6.50.

Net gimpes, much wanted right now; plain and adorned with shadow laces; cream, white and black; 25c to \$1.50.

Medic Ruffs, novel ones, too; white, black and colors; 25c to \$1.00. Flimsy maline ruffs; white, black and colors, \$1.50 to \$5.50.

Net collars and sets, embroidered, some very richly; 50c to \$3.50.

Ruffings, net, chiffon and crepe de chine, dainty; white, cream, cerise, black and colors; many widths; 25c to \$1.50.

Crope de chine ties and bows, in colors; most sought this season; 50c.

Chiffon auto veils, a happy, healthy variety, wherein you find the one you like best; \$1.00 to \$3.50.

Novelty veillings, those just recently accepted in Paris, where the veil is always a thing of charm; white, black, flesh and white-and-black; 50c to \$1.50.

Hair-line veillings; black, brown and taupe; 25c a yard.

IS SICKNESS A SIN?

If So, Is It a Sin of Omission or Commission, or Both?

We have a deep down feeling that nature knows her business and never makes mistakes. Could we but know nature's laws and did we obey these laws, we are pretty sure that we would escape sickness.

Then it follows that sickness is a sin of commission. That we have committed some breach of nature's laws when the head aches—when the breath is bad—when the stomach rebels. But we compound the offense by the heaviest sin of omission.

We omit that preventive medicine that would correct the sin of commission—that would relieve the headache by loosening the jammed up bile in the liver.

In the coated tongue, headache or dizziness or bad breath we had ample warning that the liver was not performing properly. But committed the greater sin by omitting the simple preventive measure that would rectify the sin of commission.

Punished with fear of losing time from our daily duties, we say: "I would take some medicine, but haven't the time to be sick."

We think of the sickening effects of Colic (mercury), or of the gripping and subsequent nausea of Podophyllin. We sin and continue to sin.

Knowing man and his besetting weakness—the fear of sickness—science is ever at work on new preparations for his relief.

The old Podophyllin or May Apple Root treatment never failed to loosen the jammed up bile in the liver. Doctors and laymen pronounced this

the best liver medicine of all the remedies, but the intense griping that accompanied its work and the nausea that followed was worse than the disease.

Now comes Podolax—a new Podophyllin formula in which the griping has been taken out and the sickening overcome.

It is a liquid pleasant to taste and easy to take. It loosens the jammed up bile which in turn cleanses the bowels and makes the tissue antiseptic. The blood abounds with new life and vigor, the brain becomes easy, the skin clears and you are all smiles without griping—without sickening—without loss of time—and at a trifling cost.

But it is expected that you watch carefully for those warnings—the headache—the bad breath—the bloated stomach—and avoid the sin of omission by acting at once.

You, yourself, personally practice Preventive Medicine—Your Physician is entitled to the job of curing. Your job is Prevention—so, on the very first warning secure a bottle of Podolax and prevent the need of a Doctor.

"We haven't been out a cent for a Doctor since we began using Podolax. I personally recommend it to my friends."

When we say "Insist on Podolax" it is to save you from the use of mere laxatives that have no effect on the liver and that fail utterly in loosening the jammed up bile.

KING COTTON SHOWERS WEALTH ON SUBJECTS

Robert F. Maddox Says South Is Most Prosperous Region in Country Now

While a most recent business timidity exists in the east due to the passage of the tariff bill and the pending currency measure, and while there is a perceptible business depression in the west because of bad crop conditions, Georgia and the south are experiencing unprecedented prosperity, according to Robert F. Maddox, vice-president of the American National bank, of Atlanta, and one of the best posted business men in the country.

Commenting upon the excellent financial condition of this section, Mr. Maddox says: "The Georgia cotton is still king, and his scepter still wields a powerful influence upon all our commerce."

As is well known, the cotton crop of Georgia last year was 1,000,000 bales short of the crop of the previous year. This shortage was keenly felt by every business interest in the state, but fortunately for us, the crop this year has been made very economically.

The farmers, realizing that it was necessary to raise a good crop this year, have cultivated the crop more intensively than ever before. We have been favored with good seasons, and it is confidently predicted that the crop will be at least \$20,000,000 more. In addition to this, the large number of cotton bales and the cotton seed should bring the farmers at least \$20,000,000 more.

In addition to this, the large number of cotton bales and the cotton seed should bring the farmers at least \$20,000,000 more. In addition to this, the large number of cotton bales and the cotton seed should bring the farmers at least \$20,000,000 more.

ATLANTA PASTORS STIR SYND BY FINE REPORTS

Rev. Thornwell Jacobs and Rev. T. E. Converse Make Encouraging Talks

(BY REV. JONAS PARCLAY.)
(Special Dispatch to The Journal.)
ROME, Ga., Nov. 7.—The synod of Georgia was opened this morning with devotional exercises conducted by Rev. J. B. Pickett, of Atlanta. Rev. James Ferguson, of Nacoochee institute, then presented the claims of this great work for the boys and girls of the mountain of northeast Georgia. He stated that there had been about fifty conversions at Nacoochee institute during the year. Mr. Ferguson also preached monthly at Dalton, where there are about 160 boys at the state school.

Rev. Dr. Thomas E. Converse, of Atlanta, made the report on the minutes of general assembly. He stated that in one hundred years the population has grown fourteen fold while the church has grown eighty-two fold. The ratio of increase of church members in proportion to population is today on the increase. The ratio of increase in contributions to the church is also on the increase. Presbyterians church appears to be larger than that of any of the southern churches he said, and is larger than in the great northern Presbyterian church. Dr. Converse presented an elaborate and exhaustive report on the growth of the Presbyterian church for the last one hundred years. His figures proved so accurately startling that they were printed in the minutes and published in the church papers and Dr. Converse was thanked by synod by a rising vote for his mastery and encyclopedic knowledge of the CHURCH SOCIETIES FLOURISHING. The report on church societies was then read by the states clerk and showed gratifying increase in number of women's societies with a gain of 1,066 members. There has been a slight loss in young people's organizations while the number of members and boys' societies shows a decrease. The Georgia women's synodical was heartily commended for the splendid results of the past year's work.

President W. J. Martin, of Davidson college, addressed the synod on the seventy-seventh year of the college's work. The college is under the care of the four synods of North Carolina, South Carolina, Georgia and Florida. Davidson college has fourteen full professors, no instructors are in charge of classroom work. This term 52 students are enrolled. About sixty-five are candidates for the degree of Bachelor of Arts. The college is a member of the Southern Association of Colleges and Universities. Several of the students are members of the church. Dr. Martin's address was a most interesting and instructive one. He pointed out the influence of a week's meeting conducted by the college. MOTHER, INTOXICATED, THREATENS HER BABIES

Mrs. Fuss, After Drinking Nearly Gallon of Liquor, Is Sent to Hospital

Because neighbors said she became intoxicated and threatened to kill her five children, Mrs. A. L. Fuss, who lives on the Campbell road eleven miles beyond the Fulton county barracks, was taken to the Grand hospital Thursday morning in a state of coma. According to reports made to the press the woman drank most of a gallon of liquor Friday night and was aroused the next morning by her threats against her five children. She was taken to the hospital by a neighbor. The county officers were called and Mrs. Fuss was arrested. Her condition was such that she had to be taken to the hospital. Her children have been placed temporarily in the care of the juvenile court.

GRANDMA USED SAGE

TEA TO DARKEN HAIR

She Mixed Sulphur with it to Restore Color, Gloss, Thickness

Common gray hair brewed into a heavy wash with sulphur and added to the hair, streaked and faded hair would turn dark and healthy. Remove every bit of dandruff, stop scalp itching and falling hair. Just a few applications will prove a revelation if your hair is falling out or is thin, gray and thin. Mixing the Sage Tea and Sulphur will not harm the hair, but will bring it back to its natural color and thickness. An easier way is to get the ready-to-use tonic, costing about 50 cents a large bottle at drug stores, known as "Wyeth's Sage and Sulphur Hair Tonic." It has saved a lot of hair. While wispy, gray, faded hair is not sinful, we all desire to retain our youthful appearance. The attractiveness of the hair is so natural, so easily won, and so easily lost, that it is worth the effort to keep it. Draw this through your hair morning and night. Have your hair disheveled at night. Let it dry naturally. If you have two, your hair becomes beautifully dark, glossy, soft and luxuriant. (Adv.)

MRS. LATHAM ATTACKED BY NEGRO AT HER HOME

Assailant Chokes Her and Wrests Away Purse, Then Makes Escape

Mrs. Jessie Latham, of 42 Hood street, was robbed of \$25 and choked by a negro Friday morning, as she stepped off her porch on her way to market, a block away. The attack was so sudden that Mrs. Latham had no chance for outcry. Her assailant grabbed her by the throat with one hand while endeavoring to get her purse with the other. Mrs. Latham fought vigorously, but the negro succeeded in wresting her purse from her and took to his heels down the street.

The attack occurred about 5 o'clock, when but few persons were up, and it was some minutes before Mrs. Latham succeeded in attracting attention. The police were notified and searched the neighborhood, but no trace of the negro could be found.

"Yours Respectively" Can't Get Auto License Until He Sends Name

Secretary of State Philip Cook wants to know who it is in Jeffersonville, Ga., who desires an application blank for an automobile license and number. Friday morning he received the following letter from the thriving little town:

"Please send me application blank for automobile license and number. "Yours respectfully,"

That was all. No name was signed to the communication, and Mr. Cook is at a loss as to "yours respectfully" can be. When he finds out the blank will be sent immediately.

SAYS HUSBAND WHIPPED HER WITH LEATHER STRAP

Wife Would Not Stand for That and Now She Seeks Divorce

In her petition for divorce, filed in Fulton superior court Friday, Mrs. Ruth Sherwood Robinson declares that four times she was separated from Arthur Robinson in the two years of their married life before she finally decided to sue for divorce. Robinson would slap and beat her, she declares, and after each whipping she separated from him only to be whipped again on his promise to behave. Finally, she says, on October 24, he whipped her with a leather strap and so she seeks separation. Robinson's address is given as 128 Auburn avenue. The wife's suit was filed by Attorney John A. Boykin.

Do You Know the Conveniences of Rubber in the Home?

RUBBER is the cleanest and most hygienic material. Dirt particles do not penetrate into its fibre, and a few moments in boiling water sterilizes and makes it absolutely pure. Rubber bath sponges are more sanitary than washcloths. A fountain syringe should be in every home. It prevents re-absorption of poisons in the body and keeps one healthy. Ask any doctor about this. A rubber hot water bottle is the scientific method of applying heat and has forty uses, all described in our illustrated Rubber Book.

This Book is FREE

Bath caps to protect the hair from the shower, leg and water bags, complexion aids such as rubber brushes, face masks, bath sprays with attached investigators, rubber gloves, atomizers, etc.—there are hundreds of sanitary and economical rubber things which you need in your home. Our new Hand Book Rubber Goods is a valuable treatise on what to use, when you should use it and how. Ask for this book; it's FREE.

To Prevent Re-Absorption of Poisons

SELF poisoning or auto intoxication is caused by food fermenting in the colon channel. GOOD ROADS VANGUARD TO MEET HERE SATURDAY

Chances of Winning Next Convention Rest on Decision of Visitors to City

The men upon whose decision depend Atlanta's chances for getting the 1914 convention of the American Good Roads congress will be in the city Saturday and part of Sunday, looking over the field with a view to deciding whether this city shall be chosen for one of the largest gatherings that takes place annually in the United States.

Charles P. Light, field secretary of the congress and secretary for the American highway association, who is one of the members appointed by the last convention on a committee to pick the next convention city, arrived in Atlanta Thursday night. Mr. Light was here recently, but later returned to Washington.

Saturday he will meet J. E. Pomphrey, secretary of the American Good Roads congress, who comes here from New Orleans as another member of the convention committee.

With them there will be Leonard Tufts, owner of the famous Finchhurst, N. C. summer resort, who is himself well known in Atlanta and numbers scores of friends in this city. He reached Atlanta Friday morning.

Mr. Tufts is prominently identified with the good roads congress and is himself an enthusiastic worker for good roads. He will accompany Mr. Pomphrey and Mr. Light in their tour of the city.

50 GEORGIA COUNTIES

IN 1913 CORN SHOW

Seventeen Boxes of Exhibits Have Already Arrived at the Capitol

There will be approximately fifty Georgia counties represented by girls' corn club exhibits in this year's Georgia corn show. This is more than double the number represented last year, and under the direction of Miss Mary E. Creswell, superintendent for the corn club, the work is growing rapidly.

Already there have arrived seventeen large boxes of corn club exhibits, and these have been stored in the basement of the state capitol to be unpacked for the corn show, which opens on December 2. These exhibits from many south Georgia counties were sent here direct from the state, and recently closed in Macon. In addition, inquiries have come from some other counties with regard to shipping to Atlanta exhibits for the corn show.

The premium lists for the corn show are ready and will be out within a few days. The premiums aggregate something like \$2,500 in cash and other valuable prizes offered both by the Atlanta chamber of commerce and those auspices the show is being given, as well as by many individual citizens, taking a deep interest in the splendid work the boys are doing.

The Boy Scouts of Atlanta and vicinity will play a prominent part in this year's corn show, participating in the annual parade as well as other interesting features incident to it.

GEORGE H. FAUSS HONORED BY LAUNDRY ASSOCIATION

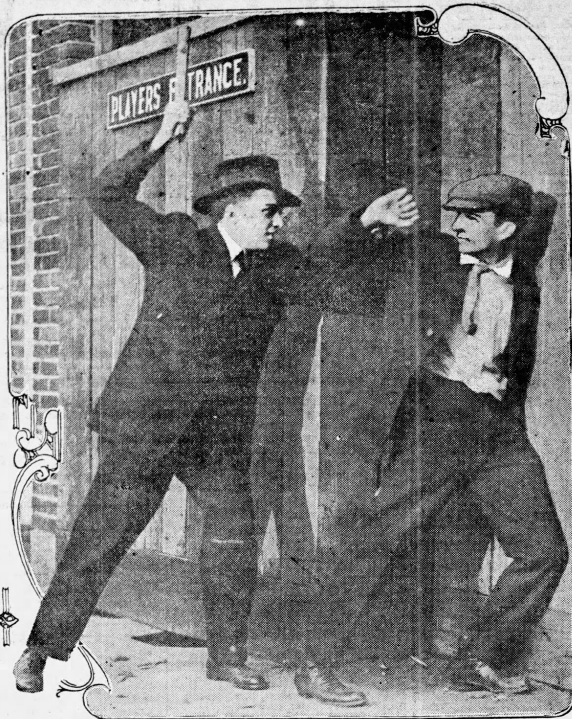

President of the Capital City Laundry Made Member of Executive Committee

George H. Fauss, president of the Capital City Laundry, has been paid high honor in New Orleans, where he was chosen a member of the executive committee of the National Laundrymen's association, in session there.

Mr. Fauss is the only southern man on this committee, which is composed of nine members, and his election was a signal compliment.

The association has a membership of more than 2,000 of the leading laundries in the United States, and is a well-organized and progressive body.

STUDENTS' GUARD JACKETS' PRACTICE; SECRET SIGNALS BEHIND HIGH FENCE

Tech student playing Corberus at players' gate while Melman teaches secret plays.

Not Even Prexy or Players' Best Girl Can Steal Glimpse of Tech Eleven on Grant Field

There is one place in Atlanta that has been more closely guarded the past week than the office of the biggest president of the biggest corporation in the city. If you peeked into the office of that president, at most you would get but the wrath of six office boys, two stenographers, a private secretary, and the official himself.

But if you had dared to slip past the guard stand at Grant field between the hours of 3 and 5 on any afternoon this week, you would have been met by ten husky students armed with clubs, backed by twenty-two young devils known as football players, three coaches and a student body composed of some one fearless avenger who would have torn your hide off.

There is to be a football game Saturday at Grant field between Tech and Auburn. In preparation for it Coach Heisman, who is veritably monarch of all he surveys once he enters the players' gate, has been holding secret practice with his men, and by iron-bound orders has excluded all but the twenty-two players required from the field.

In seasons past a secret practice at Tech meant that the student body could watch anyway. Even a professor might be admitted if he was real good.

But the importance of that Auburn game has caused the coach to have the grounds policed, every fence corner watched with care, every stranger regarded suspiciously, every man who doesn't belong, whether he's a student,

professor of dogmatism, a Ph.D. or a P. D. Q., to be put beyond the pale and the most inviolable secrecy secured for the little plot of brown in the cup of the North avenue hills.

The other day one of the student guards, hickory club in hand, saw a head peek over the fence beyond the west grand stand. Sneaking to the spot, he recognized the inquisitive countenance of a well known graduate of a certain rival school.

"Beat it!" the guard told him, his club rampant.

"I guess not," the watcher replied. "You can't make me."

"If I can't there's twenty-two of 'em inside that would rather eat you up than spank a bull."

And with that the watcher faded into the purple dusk.

CHAMBER SECRETARIES CLOSE TWO-DAY SCHOOL

Dinner at Ansley, With Addresses by Soule and Matheson Set for Evening

Twenty secretaries of Georgia chambers of commerce are in session today in the rooms of the state chamber of commerce in the Hurt building. They are learning how to be the very best secretaries possible; and when the two days "school" is over, they will return to their respective sections with a number of valuable ideas about boosting and developing their territories.

Charles J. Haden, president of the Georgia chamber of commerce, opened the meeting with a brief address, telling of the object of the session and the benefits to be derived.

C. D. McKinney, secretary, also made a brief address, welcoming the visitors and setting forth the object of the conference.

Tonight a dinner will be given at the Ansley hotel, and at that time Dr. A. W. Soule, of the University of Georgia, and Dr. K. G. Matheson, of the Georgia School of Technology, will make addresses.

DR. HOLDERBY'S HORSE STOLEN FRIDAY MORNING

Minister Appeals to Police for Help in Finding Horse and Buggy

Dr. A. R. Holderby, pastor of the Moore Memorial church, has complained to the police that his horse and buggy was stolen Friday morning from near the corner of Broad and Marietta streets, and has asked assistance of Chief Beavers in locating it.

Dr. Holderby is very distressed over his loss, and would be glad to secure information as to the whereabouts of his property.

He says that the horse is small and dark and very gentle. He discovered that the horse and buggy were missing about 12 o'clock Friday, and has since heard nothing from them.

NEGRO IS INDICTED FOR ATTACK ON LITTLE GIRL

London Green Accused of Attempted Assault Here Several Months Ago

London Green, a negro, recently placed under arrest in Greenville, S. C., was indicted by the Fulton county grand jury Thursday for an alleged attempt to criminally assault an eleven-year-old white girl, who lives on Lamplighter street, near Highland avenue. The assault was attempted, it is said, July 20 of this year, and for two nights afterwards police reserves patrolled the vicinity of the crime to prevent trouble. The girl and her mother appeared before the grand jury.

Funk Case Closes

CHICAGO, Nov. 5.—Hearing or testimony in the trial of Daniel Donahoe and Isaac Stiefel, accused of conspiracy to defame Clarence S. Funk, former general manager of the International Harvester company and now head of the M. Furber company, of LaPorte, Ind., was completed today. The case is expected to go to the jury tomorrow.

FROM SOUP TO NUTS! EAT WITHOUT FEAR OF STOMACH MISERY--PAPE'S DIAPEPSIN

Digests Food When Stomach Can't—No Sourness, Gas, Indigestion

You can eat anything your stomach craves without fear of indigestion or dyspepsia, or that your food will ferment or sour on your stomach. If you will take Pape's Diapepsin occasionally, anything you eat will be digested, nothing can ferment or turn into acid, poison or stomach gas, which causes belching, flatulency, a feeling of fullness after eating, nausea, indigestion (like a lump of lead in stomach), biliousness.

Heartburn, Water brash, Pain in stomach and intestines, Headaches from stomach, are absolutely unknown where Pape's Diapepsin is used. It really does all the work of a healthy stomach. It digests your meals when your stomach can't. It leaves nothing to ferment, sour and upset the stomach, eat a large 50-cent box of Pape's Diapepsin from your druggist, then eat anything you want without the slightest possibility of indigestion or any other part of the stomach and intestines will take care of it.

Should you be suffering now from indigestion or any stomach disorder, you can get relief in five minutes.

New Coats Greet You Tomorrow

A display of coats for street and evening wear that arouses enthusiasm!

Is there anything missing?

Let's see--

There are broadcloth coats and Zibeline coats and camel's-hair coats, and Persian cloth coats and Persiana cloth (finest imported and domestic) coats---there are plain and two-tone boucle coats. They are wonderful mixture weave coats, there are matelasse coats, brocade coats---the list is too long to tell.

No, there is nothing missing. There is good reason for these many kinds. It shows in the coats themselves. They are individually and smart beautiful. Many collars and cuffs and buttons are of rich plushes, and many linings are of king's blue and old gold satin.

Not hard to decide where to go for the coat this fall.

We have put ourselves in the way of the big coat business, by buying this seemingly infinite variety of fashion-favored kinds.

See!

Therein lies your assurance to satisfaction, and all our enthusiasm and confidence in this instance is confined within

CLOGGED NOSTRILS AND STUFFY HEAD OPEN AT ONCE--CURES COLDS AND CATARRH

Instantly Clears Air Passages; Tonics
Breathes Freely; Dull Headache Goes;
Nasty Catarrhal Discharge Stops.

Try "Ely's Cream Balm."
Get a small bottle anyway, just to
try it—Apply a little in the nostrils and
instantly your clogged nose and stop-
ped-up air passages of the head will
open; you will breathe freely; dullness
and headache disappear. By morning the
catarrh, cold, head-cold or catarrhal
nose throat will be gone.
Did such misery now? Get the small
bottle of "Ely's Cream Balm" at any
drug store. This sweet, fragrant balm

dissolves by the heat of the nostrils;
penetrates and heals the inflamed,
swollen membrane which lines the nose,
head and throat; clears the air pas-
sages; stops nasty discharges and a feel-
ing of cleansing, soothing relief comes
instantly.
Don't lay awake tonight struggling
for breath, with head stuffed; nostrils
clogged, hawking and blowing. Catarrh
or a cold, with its running nose, foul
mucus dropping into the throat, and
dry dryness is distressing but truly
needless.

FEEL HEADACHY, BILIOUS, CONSTIPATED, SHAKY, DIZZY AND SICK--A DIME A BOX

You're bilious! You have a throbbing
in your head, a bad taste in
your mouth, your eyes hurt, your skin
is yellow with dark rings under your
eyes, your life is parched, you feel
fed up, nervous and ill-tempered.
Your system is full of bile and consti-
pated waste not properly passed off,
and what you need is a cleansing
"balm." Don't continue being a bilious,
constipated nuisance to yourself and
those who love you, and don't resort

to harsh physics that irritate and in-
jure. Remember, that your sour, dis-
tended stomach, lazy liver, and clogged
bowels can be quickly cleaned and re-
freshed by morning with gentle, thor-

CHILD WELFARE FOLK WILL DISCUSS EXHIBIT

Those Interested in Approach-
ing Enterprise Will Meet Fri-
day at Baptist Church

A general meeting of all interested in the approaching visit of the Child Welfare and Public Health Exhibit to Atlanta has been called for 3:30 o'clock this afternoon at the First Baptist church, and it is hoped that a large number of people will be present. The financing of the exhibit has been completed already and a good location secured, but those behind the movement want the active interest and co-operation of every Atlanta citizen and particularly of the women and children.

The committee in charge of securing the exhibit represents all the leading organizations of the city, and the exhibit itself is the finest that has ever been shown in this country. It will be of material benefit to the city as well as extremely interesting.

**WILLIAM A. VAUGHAN DIES
AT HOME IN INMAN PARK**

Veteran Railroad Man Passes
Away at 65 Years, Mourned
by Many Friends

William A. Vaughan, one of the most prominent railroad men in Atlanta for years past, died Friday morning at his residence, 199 Waverly way, in Inman park.

He was sixty-five years of age and his death had been intermittently expected since last June, when he fell seriously ill. Surviving him are three sons, Harry, J. W. and Halway Vaughan; a daughter, Miss Lorain Vaughan, and one sister.

Mr. Vaughan had been connected with railroad circles for many years. At one time he was general superintendent of the East Tennessee, Virginia and Georgia railway, and later was a superintendent for the Southern railway. For four years he was baggage agent at the Terminal station, leaving that position when his failing health forced him to the sick-bed.

He was a Mason, and leaves many friends among fraternal and railroad men alike, as well as others, who had come to know and love him during his long residence in Atlanta.

The body was removed to H. M. Patterson's chapel, and at 3:30 o'clock Friday afternoon will be sent over to the Southern railway to Detroit, Mich., for funeral and interment.

**BAILIFF IS FREE FROM
CHARGE OF EXTORTION**

Harry Latham's Case Nolle
Prossed Because He Could
Not Be Identified

The indictment charging Harry Latham, formerly a bailiff in the city criminal court, with extortion, was nolle prossed by Judge Ben H. Hill, of the superior court, on motion of Solicitor General Dorsey, Friday.

The motion was made when A. S. Williams, a negro photographer who brought the charge, admitted he could not identify Latham as the man, who under the guise of a bailiff, made a midnight raid on his house.

The case is especially interesting as it is the first of several similar indictments against Atlanta bailiffs, returned during a recent jury crusade, to reach the superior court.

Latham was represented by Attorney Moore & Branch, and Emmett Blount.

MARKET COMMISSION TALKS ON NEW PLANS

The Atlanta market commission met at 3 o'clock Friday afternoon at the Carnegie library to discuss the proposed establishment in Atlanta of one or more public markets.

The commission is composed of a committee of the general council of the city and a committee from the Atlanta Chamber of Commerce. Councilman Charles Whitford Smith is chairman of the joint body.

A CHILD'S LAXATIVE IS "SYRUP OF FIGS"

Made from fruit--Can't harm
tender stomach, liver
and bowels

If your little one's tongue is coated, it is a sure sign the stomach, liver and bowels need a gentle, but powerful, laxative at once. When your child is cross, colic, listless, refuses to sleep, eat or act naturally; if breath is bad, stomach sour, system full of cold, throat sore, or if feverish, give a teaspoonful few hours all the sleep, constipation, waste, sour life and undigested food will gently move out of the bowels, and you have a well, playful child again.

Ask your druggist for a 50-cent bottle of "California Syrup of Figs," which contains directions for babies, children of all ages and for grown-ups, plenty on the bottle. Beware of counterfeiters who know its action on the stomach, liver and bowels is prompt and sure. They also know a little given today saves a sick child tomorrow.

**POISONING
FROM FOOD**

Every Bite May Poison--All
Could Be Methuselahs If We
Poisoned.

All food eaten leaves in the stomach some waste, unassimilated particles, and waste ferments and generates uric acid, which enters the blood stream. If it poisons the system, this is termed "acidosis." It is caused by indigestion, constipation, indigestion, biliousness, dyspepsia, and a weakened physical condition result. It is a dangerous condition, and could live to be hundreds of years old.

act as a LIVER SALT flushes stomach and bowels, dissolves the uric acid which has accumulated and expels it with the fermenting matter.

Take JACOBS' LIVER SALT to the morning before breakfast. You will find it a better day's work, and with the consciousness that your health is being guarded against any indiscretion in eating.

JACOBS' LIVER SALT is better than any other for constipation, biliousness, nervousness. Acts quickly and more thoroughly, resulting in no clauding after-dinner, causes no after-dinner of salivation, never gripes or nauseates. No other liver medicine is equal to it in its effect. The inferior substitute that may be offered. All druggists should have the genuine JACOBS' LIVER SALT. 25c. DON'T BURN YOUR LIVER

Take Ea-Tone, the Great Ve-
table Liver Laxative and Tonic

Don't burn your liver with deadly mineral medicines, that force unnatural action and abnormal stimulation for a short time, the reason of which is harmful and dangerous.

Take a remedy from nature's garden, a purely vegetable compound--Ea-Tone, the great liver laxative and tonic. It mildly, and in nature's own way, stimulates the liver to healthy action. It turns off bile, purifies the juices and secretions of the bile system, takes impurities out of the blood, does not over tax heart action, relieves pallor and blotch from the skin, puts rich, red blood in the veins, establishes normal appetite. Get your liver right and 35 per cent of the ills, pains and discomforts of life vanish. Ea-Tone is the fountain head of the organic system--if purified, the entire system suffers. If treated with harsh remedies it becomes calcified and inactive. Take Ea-Tone, the world's great vegetable compound--scientific, perfectly harmless and absolutely guaranteed liver laxative and tonic. Large bottles 25c everywhere or address Ea-Tone Medicine Company, 7 Hill St., Atlanta, Ga. (Adv.)

Beer, Wine and Whiskey

**"Woe unto them that rise up early
in the morning, that they may follow
strong drink; that continue until night,
till wine inflame them!"**
**"And the harp, and the viol, the tab-
ret and pipe and wine are in their
feasts; but they regard not the work
of the Lord, neither consider the oper-
ation of His hands."**

---Isaiah 5:11-12

William of Germany says:

"I know very well that the pleasure of drinking is an old heritage of the Germans;

"However, we must henceforth, in every connection, through self-discipline, free ourselves from this evil."

Why?

Because the Kaiser is intelligent; he promotes the welfare of his people.

Germany's success in the world depends upon efficiency. Drinking destroys efficiency. Beer or efficiency must go. William has chosen. Beer will go.

FOR SCIENCE SHOWS:

One glass of beer, the day you drink it, reduces your efficiency an average of eight per cent.

Three glasses of beer a day for twelve days lowers your efficiency twenty-five to forty per cent; if you are a bookkeeper, the reduction is greater than forty per cent; if your work is that of memorizing, the loss in your ability to work may go as high as seventy per cent.

Wherever brewed--

Bottled in brown glass--

Or marked with blue--

Beer shortens your life; makes you less efficient as a workman.

It warps your judgment in business.

It deadens your conscience.

Poor man, standing there beside the bar!

Beat upon it with your stein and declare this to be "rot!"

That very glow--that anger of yours--your looking across the shiny surface at the man who has given you poison in exchange for your hard earned money--your regarding him and the man or men who hire him to relieve you of your coin, your thinking them to be your friends--these unutterable follies of yours only prove these truths to be truths.

Your bleary eyes are blinded by beer.

The alcohol bites. The poison taking hold of your system--you mistake this for the feeling of good fellowship, for the warmth of a heart stirred by friendship. It is only the progress of the drug on its way to break down by slow degrees your health and mind.

God forgive you and your brewer!

What of your wife and children?

YOU FORGOT.

The short word spoken to them this morning? You had a good time last night. Today facing Tom, Dick and Harry, you force a grin and speak of "the dark brown taste," "the bird's nest" in your mouth. And they and you laugh, making mention of "the hair of the dog to cure the bite," and go on your way to buy more liquor.

Poor fool!

To the woman at home, when no other "good fellow" was there to see, did you smile today? Or, did you add to her heartache the glumness of your face--that expression which you reserve for those at your house who look to you for love and care?

O man, wake up! Stop and think!

Maybe, in a sea of filthy suds, drawn foaming from fat kegs and shining bottles, which made you believe their lie as to good fellowship--maybe, in these you have lost your home and all that makes life worth while.

If so, today, the bar, the brewery and the brothel are closed to you. But there is one who still understands your weakness. One who cares for you despite your failure. One who offers you the freest of pardons. **IT IS CHRIST, YOUR LORD.**

His church is open!

Come.

Yes, come without money!

Only accept His love!

Oh, members of the Church of God! Most respectable of men! And moderate drinkers! Your share of the money gained by the ruin of your fellow creatures must burden you today.

Every citizen has a bit of it in his pocket.

God burn the shame of it into your souls!

Your city permitted the sale. Your city got a price for this. Your city sold to men the privilege to make women and children unhappy.

And worse--the girl who falls!

RUDYARD KIPLING one night saw two young girls made drunk by two men. He said:

"My own demand for beer helped to send those two girls reeling down the dark street.

"It is not good that we should let it lie before the eyes of children, and I HAVE BEEN A FOOL IN WRITING TO THE CONTRARY.

"Better is it for a man to go without his beer in public places than to bring temptation to the lips of young fools such as the four I had seen."

Have you ever seen a young girl reel from drink?

Have you had friends ruined by it?

Yes. You have even had relatives destroyed by liquor.

Every year it kills over seven hundred thousand Americans. In 1912 each saloon killed on an average of three men. In 1913, each saloon will kill on an average of three men.

Atlanta has saloons.

The so-called "locker clubs" are these in disguise--only worse, because young girls are carried to them.

What should we do?

WALTER ANDREWS HONOR GUEST OF FELLOW ELKS

Reception Tendered Him by
Atlanta Lodge on Eve of De-
parture for Europe

Colonel Walter P. Andrews, recently appointed by President Wilson as chairman and member of a commission which is to visit the United States and in the name of the United States government to invite their participation in the Panama-Pacific exposition in San Francisco in 1915, was a guest of honor at a big reception tendered by his fellow members of Atlanta Lodge, No. 73, P. O. E. Thursday night in the Blue home on East Ellis street. Several visiting Elks from other lodges in Georgia were present.

Exalted Ruler A. L. Dunn, of Atlanta Lodge, Van Astor, Baltimore, Exalted Ruler Flint, of Griffin Lodge, Judge William A. Ross, John Y. Smith and others delivered addresses of warm congratulation to Colonel Andrews on the honor which President Wilson has shown to him. Judge Ross even nominated him for mayor of Atlanta, notwithstanding that Colonel Andrews lives several miles beyond the city limits. To all of these speeches the guest of honor replied in kind, expressing his appreciation and saying his friends to the order. Several hundred Elks attended, and following the lodge meeting, they enjoyed a buffet supper in the cafe of the home.

Colonel Andrews has been one of the most energetic workers for the good of Elksdom in this part of the country, and has been a leader several years in the affairs of Atlanta lodge.

HELD UP BY HONOR
He is a past exalted ruler of the lodge and it was during his incumbency of that office that the present magnificent home of the order was built on Ellis street. The planning and construction of that home were due in large measure to his enterprise and untiring interest and loyalty.

The reception, therefore, was a tribute to him, just as President Wilson's selection of him for the important commission in Europe was a recognition of the valuable service Colonel Andrews rendered to Wilsonian Democracy in Georgia during the re-nomination campaign.

Colonel Andrews will be accompanied by Mrs. Andrews on his trip through Europe. With the other members of the commission, they will sail from New York on the George Washington, of the North German Lloyd line, November 25. Their first stop will be in Paris. From there they will tour the important cities and ports of France, Spain, Portugal, Italy, Greece, the Balkans, Turkey, Egypt and other independent

nations bordering on the Mediterranean. They will return to the United States about the middle of March. All ministers, ambassadors, and consuls of the United States in the lands which they will visit have been instructed by the state department to receive them and facilitate in every way the purpose of the work.

New Game Wardens
(Special Dispatch to The Journal.)
MONTGOMERY, Ala., Nov. 7.—W. E. Gibson, of Guntersville, will succeed J. M. Kyeer as game warden of Marshall county. Notice of the appointment was filed in the office of the secretary of state yesterday by John H. Wallace, Jr., state game and fish commissioner. Mr. Kyeer's term has expired.

AUGUSTA COUNCILMAN PAYS VISIT TO ATLANTA

Richard E. Allen, former mayor of Augusta, Ga., now a member of council and at one time a member of the house of representatives from Richmond county, is a guest at the Piedmont hotel. Before Mr. Allen was induced to make the race for the legislature during one of the hottest campaigns Richmond has ever known, he had before taken any part in politics. Coming into the city practically an unknown quantity, he led his ticket with ease, and during his term of service proved to be one of the strongest men in the lower assembly.

JOHN Y. SMITH IS CHOSEN TO TRY MRS. CRAWFORD

Solicitor Dorsey Disqualified in
Criminal Case, Which Is to
Be Heard Soon

John Y. Smith, young attorney and a member of the state legislature, will prosecute Mrs. Mary Belle Crawford, who is charged by a justice court warrant with the murder of her husband, the late Joshua B. Crawford.

Mr. Smith was named Thursday afternoon as solicitor pro tem by Judge Benjamin H. Hill, of the criminal division of the superior court, the appointment being necessary because Solicitor General H. M. Dorsey is disqualified in the case. The solicitor's firm has been engaged in a part of the litigation over the \$25,000 estate left by the deceased, who was a wealthy pioneer of this county.

Mr. Smith declared Friday he would start work on the case during the day, and would make every effort to get it before the grand jury early next week. "I am desirous of finishing the case as quickly as possible," said Mr. Smith, "and not only will use every effort to get action by the grand jury, but in the event of an indictment, I will do my utmost to force a trial of the issue within the next few weeks."

DEFENSE WANTS EARLY TRIAL.
Attorney Burton Smith, who, with Houston K. Arnold, represents Mrs. Crawford, appeared before Judge Hill for the case, saying that Mrs. Crawford was extremely anxious to lift the cloud from her name. Attorney J. S. James, who represents the so-called Crawford heirs, who are prosecuting Mrs. Crawford, will assist Mr. Smith in the prosecution of the case.

It is probable that pending the outcome of the criminal proceedings, the hearing of the civil litigation over the Crawford estate may not be resumed for some weeks. The hearing, after having been in progress for a couple of months, was interrupted about two months ago because attorneys were engaged in the Frank case. Mr. Anderson is anxious that the civil matter be continued and disposed of, but it is probable that the case will not be called until after there has been some action in the criminal matter. The newly appointed solicitor pro tem will also have charge of the prosecution of Frederick Lamb, the New York barber, who has been charged by a warrant with conspiring with Mrs.

Ponce De Leon to Be Children's Amusement Ground Next Summer

Ponce de Leon park, which for so long was the summer amusement ground for all Atlanta, is once more to become a recreation spot; but this time it will be a playground for the children of the Fourth ward.

Mrs. George Hough and Mrs. L. Sage Hardin, representing the Parent Teachers' association of that neighborhood, called on Mayor Woodward Thursday morning to ask the mayor to see that the children obtain the use of the land and that the city equip it with proper playground facilities.

The mayor sent them to the Georgia Railway and Power company, to whom the land belongs, and Preston Arkwright, president of the company, has agreed to allow the children the use of the park next year until a permanent location for a playground is secured. The question of equipping the playground will come up before the park board at its next meeting, and the board probably will vote to install the equipment.

Crawford to produce her husband's death.

The principal witness against Mrs. Crawford will be Dr. H. P. Harris, of the state board of health, who examined the body of J. B. Crawford, who died in 1909, during the spring of this year, who claims to have found unmistakable traces of morphine poisoning.

COX OFFERED JUDGESHIP OF THE ALBANY CIRCUIT

Prominent Camilla Attorney
Named by Governor to Succeed
Judge Frank Park

Attorney Eugene E. Cox, of Camilla, Mitchell county, will succeed Judge Frank Park, of Sylvester, as judge of the Albany circuit. Judge Park was elected Wednesday to represent the Second Georgia district in congress and he will soon resign the Albany judgeship. Governor Slater Thursday afternoon tendered the judgeship to Mr. Cox, and there is little likelihood that he will decline it. Mr. Cox is thirty-five years old and a well known south Georgia lawyer. He has been president of the bar association of the circuit two years.

CATARRAHAL TROUBLE ENDED--USE HYOMEL

You Breathe It--No Stomach
Dosing--Clears Stopped
Up Head

Use natural remedy for catarrh and troubles of the breathing organs, a treatment that is harmless yet quick and effective. It is the healing oils and balsams of Hyomel which you breathe through a small pocket inhaler. This medicated air reaches the most remote air cells in the nose, throat and lungs, killing the catarrhal germs and restoring health to the diseased mucous membrane. In using Hyomel you are treating your catarrhal troubles with the natural remedy, for it gives a curative air bath to the nose, throat and bronchial organs. It has a powerful healing and antiseptic effect similar to the air in the mountains where the forests give off the fragrant oils of healing balsams. Hyomel has benefited so many sufferers of the worst cases of catarrh, with offensive breath, raising of mucus, frequent sneezing, droppings in the throat and spasmodic coughing that it is sold under an absolute guarantee. Refund the money if it does not do all that is claimed for it. A complete Hyomel Outfit, containing inhaler and bottle of big rich, sells for only \$1.00. Extra bottles of Hyomel, if later needed, 25 cents. Druggists everywhere sell Hyomel. (AD-14)

**A Dutch Mistake
in Investment.**
BY JOHN M. OERISON.

To "beat the Dutch" has always been regarded as some achievement. But our financiers have done it without turning a hair.

The other day I heard some comment on a piece of financing in which investors of Holland are interested. It was a very pretty illustration of the wisdom

First, two enterprising oil men decided to sell their holdings of valuable producing and undeveloped land as they found a banking syndicate willing to give them ten millions of cash for ten millions, par value, of preferred stock and ten millions, par value, of common stock in their company. The total capitalization of the oil properties, after the bankers were through, amounted to over \$32,799,000.

their stock. And that's where the Dutch got theirs. The Dutch were induced to take their preferred stock at just a shade under 99—six months later, lacking a few days, the stock was bought at 58.

Now, the Dutch are real investors who want their investments to last. Mere changes of price don't worry them very much. But what has happened since has tended to keep them away. As they point out:

Since they bought their stock the dividends have been declared, but

against the exhaustion of the company's assets, for the depreciation of its machinery and equipment, or for the development of new properties.

In the quarter year for which dividends were first distributed it now appears that the actual profits earned were more than \$150,000 of the \$400,000 paid out to stockholders, and the rest was supposed to come from profits on the sale of stock at a higher value than the market showed—only the stock wasn't sold.

\$22,000,000, the last report of the company showed a working capital of \$1,000,000 over \$800,000—to the Dutch mind, an awfully low figure.

And, finally, the Dutch investors began to question the capitalization. They decided that it is, to say the least, a conservative.

Are we to lose our title as easy money to the Dutch?

MISS MARJORIE BROWN.
Miss Brown, who is the charming young daughter of Mr. and Mrs. Edward T. Brown, is the guest of Mrs. Don A. Pardee for the Hawton-Smith wedding, at which she will be bridesmaid. She will leave the latter part of next week for Washington, D. C., where she will be an attendant at the wedding of her cousin, Miss Jessie Wilson, and Mr. Francis Sayre.

The Washington Post has the following account of the plans of the wedding of Miss Jessie Wilson and Mr. Francis Sayre. While keen interest is being manifested in the details of the wedding throughout the country, an additional interest is being manifested from the fact that Miss Marjorie Brown, the lovely young daughter of Mr. and Mrs. Edward T. Brown, being one of the bridesmaids who will attend Miss

Mrs. John Clarke will be the hostess at an informal afternoon tea Saturday, at her home on Peachtree street, the occasion to assemble a number of her friends to meet Mrs. C. M. McClung, of Knoxville, and Mrs. Samuel Bonn, of Point Loma, Cal., who are the guests of Mrs. A. D. Adair.

Change Date
Mr. and Mrs. William Lawson Pease have changed the date of the evening party at which they will entertain in fulfillment to Miss Sarah Rawson and Mr. Marion Smith from Monday evening, November 10, to Tuesday evening. The party will follow immediately after the wedding rehearsal and will be given at Woodbine.

A large social event of the afternoon was the tea at which Miss Marie Papenhoeimer was hostess at her home on Ponce de Leon avenue, the occasion being a lovely compliment to Mrs. Rogers Keese, a recent bride.

An artistic color suggestion of green and gold prevailed in the decorations of the home, which was evidenced in the library, where the guests were received, in the bank of palms which lined the back wall for the beautifully gowned receiving party, and in the green wicker baskets and enamelled flower holders which were filled with tall, graceful yellow chrysanthemums, which shaded from palest gold to deep

The same flowers were used in the music room, wall pockets against the soft-toned walls holding the yellow blooms. A French basket filled with the chrysanthemums rested on a cover of rare lace graced the center of the tea table, which was placed at one end of the long room, close to the organ. Where Mrs. John J. Woodside, Jr., and Mrs. Forrest Adair, Jr., served tea during the afternoon.

Miss Pappenheimer received her guests wearing a lovely crystal embroidered robe over white satin, the corsage embroidered in a graceful design in crystal, and a lovely bouquet of pink roses showered with lilies of the valley.

Mrs. Rogers Keese wore a draped model of charming satin combining pastel shades, the corsage being formed by brocaded chiffon, and her flowers were orchids and lilies of the valley.

Mrs. Pappenheimer wore pale blue and white chiffon draped in satin over deeper blue, and her corsage bouquet was of pink roses.

A number of young girls assisted the young hostess in the entertainment of her guests and Mrs. Pappenheimer was assisted by a number of her friends among the young married contingent in making the occasion one of the very pleasant events of the week.

Club Owners Call on Tener

(By Associated Press.)
NEW YORK, Nov. 7.—A committee of National league club owners plan to call on Governor John K. Tener, of Pennsylvania, and proffer him the office of president of the league to succeed Thomas J. Lynch, according to the statement published here yesterday.
The statement added that Governor

W. F. Baker, of Brooklyn, president of the Philadelphia club was quoted as saying that announcement of the offer had been made prematurely but that it was true that the presidents of six of the clubs favors Governor Tener.

"We will go to any extremes to induce him to accept," Baker is quoted as saying, "and we will not give up trying until he refuses point-blank."

THE GLOBE CLOTHING CO.

Globe Clothes Meet Present Day Requirements

PERSONAL APPEARANCE was never the subject of such attention as it is today. Men are **dressing** now--not merely clothing themselves, and it is for the more critical, the more particular men and young men of Atlanta that this advertisement is written.

The **care** and **character** that enter into **Globe Clothing** is not a faddist's fancy---but the product of America's greatest Clothing organization---an organization that keeps its "ear to the ground" and catches the first rumble of demand---and with the facilities, the skill and the experience to provide whatever that demand may be.

Suits and Overcoats \$15, \$18 and \$20

 We invite the men of Atlanta to come to our store and examine the line of \$15, \$18 and \$20 suits and overcoats that we have made expressly for you. We will have these suits and overcoats prominently displayed today and we would like to have you see them and try on the particular one that most appeals to you---today will be a good day for you to come. In style, fit and finish---in everything that goes to make a good suit or overcoat---our \$15, \$18 and \$20 line will stand the acid test with any \$30 suit or overcoat that you can buy elsewhere.

Boys' Clothes

Clothes that the boy will be proud to wear and that you will enjoy seeing him wear. We feel genuinely proud of our new assortment of Boys' Clothes; some with two pair of trousers, at \$5 to \$7.50.

Boys' Overcoats

Our Boys' Overcoats are made just as stylishly as are those for the grown-ups. We have them with the popular shawl and convertible collars, at from \$5 to \$7.50. We have made them for Atlanta boys who appreciate good clothes.

\$2.00 Hats

We are showing an unusually attractive assortment of these hats in all the popular colors—blues, greens and browns—and have them in all the new shapes and styles. Our \$2 hat will more than please you, so why not buy it here?
